

Realist 2020 Conference Programme

Monday 23 March

	<p>Pre-Conference Workshop                  Address: Health Research Board, Grattan House, 67-72 Lower Mount Street, Dublin 2, D02 H638                  (Please Note: Workshops do not take place in Dublin Castle)</p> <p>Please note: All workshop places have been filled and we have closed workshop registration.</p>
11:00 - 13:00	<p>Workshop 1:  <a href="#">Troubleshooting on realist evaluation</a>  <a href="#">Click here for more information</a></p>
13:00 - 14:00	<p>Workshop Lunch</p>
14:00 - 16:00	<p>Workshop 2:  <a href="#">Troubleshooting on realist synthesis</a>  <a href="#">Click here for more information</a></p>

Tuesday 24 March

	LA TOUCHE	MAIN HALL	CHESTERFIELD ROOM	PRESIDENT ROOM	THE BEDFORD SUITE																																													
08:00 - 17:45	Registration																																																	
08:30-9:00	Conference Opening & Welcome																																																	
09.00-11.00	<p>Plenary Keynote Panel</p> <p>(provisional titles)</p> <p>Chares Demetriou - Realist comparative historical sociology.                      Frans L. Leeuw - Finding and articulating hidden mechanisms underlying policy and programs.                      Denise E. De Souza - How does causation work at the social psychological level?</p>																																																	
11:00 - 11:30	Tea & Coffee Break Poster Viewing																																																	
11:30 - 13:00	<p><b>Theme 1: Innovations in Methodology</b></p> <p>Chair: Geoff Wong</p>	<p><b>Theme2: Innovations in the Field</b></p> <p>Chair: Charlie Michaelis</p>	<p><b>Theme3: Utility of Evidence</b></p> <p>Chair: Andrew Booth Time: 11:30 - 13:15</p>	<p><b>Theme 4: Causation</b></p> <p>Chair: Gill Westhorp Time: 11:30 - 13:15</p>	<p><b>Theme 2: In the field</b></p> <p>Chair: Ana Manzano</p>																																													
90 min	<table border="1"> <tr> <td>Gary Groot</td> <td>Refining program theory for special populations: trust and world view among Indigenous Peoples</td> <td>111</td> </tr> <tr> <td>Nkoli Ezumah</td> <td>Analysis of trust within a maternal and child health programme in Nigeria using Realist Evaluation</td> <td>168</td> </tr> <tr> <td>Steven Ariss</td> <td>How different models of health service delivery affect patient engagement in their own care</td> <td>217</td> </tr> </table>	Gary Groot	Refining program theory for special populations: trust and world view among Indigenous Peoples	111	Nkoli Ezumah	Analysis of trust within a maternal and child health programme in Nigeria using Realist Evaluation	168	Steven Ariss	How different models of health service delivery affect patient engagement in their own care	217	<table border="1"> <tr> <td>Camille Donnat</td> <td>Building organisational literacy and practice on Realist Evaluation in the Pacific Community (SPC)</td> <td>89</td> </tr> <tr> <td>Hani Kim</td> <td>Making visible the ideological underpinnings of global health programs: A case for realist-informed program evaluation</td> <td>202</td> </tr> <tr> <td>Sharon Provost</td> <td>Overcoming the "unknown": Strategies to gain stakeholder support for realist evaluation</td> <td>42</td> </tr> </table>	Camille Donnat	Building organisational literacy and practice on Realist Evaluation in the Pacific Community (SPC)	89	Hani Kim	Making visible the ideological underpinnings of global health programs: A case for realist-informed program evaluation	202	Sharon Provost	Overcoming the "unknown": Strategies to gain stakeholder support for realist evaluation	42	<table border="1"> <tr> <td>Dimitri Renmans</td> <td>The Theory Building Society: Ready, Set, Go?A review of the use of CMOCs</td> <td>163</td> </tr> <tr> <td>Richard Byng</td> <td>Can neuroscience help explain demi-regularities and graded responses?</td> <td>233</td> </tr> <tr> <td>Emma Williams</td> <td>Can a machine think like Ray Pawson?: Potential and perils of machine assisted realist analysis</td> <td>146</td> </tr> </table>	Dimitri Renmans	The Theory Building Society: Ready, Set, Go?A review of the use of CMOCs	163	Richard Byng	Can neuroscience help explain demi-regularities and graded responses?	233	Emma Williams	Can a machine think like Ray Pawson?: Potential and perils of machine assisted realist analysis	146	<table border="1"> <tr> <td>Sarah Rybczynska-Bunt</td> <td>Examining the Interplay of Mechanisms: utilizing Archer's (1995) morphogenetic cycle to analysing complex interventions</td> <td>183</td> </tr> <tr> <td>Maribel Gaité</td> <td>Mechanisms as Resource-Reasoning-Response Dynamics in CMOC Analysis: Insights From School Turnaround Realist Evaluation</td> <td>49</td> </tr> <tr> <td>Jo Hall</td> <td>Causal Mechanisms and Explanation in Realist Review</td> <td>220</td> </tr> </table>	Sarah Rybczynska-Bunt	Examining the Interplay of Mechanisms: utilizing Archer's (1995) morphogenetic cycle to analysing complex interventions	183	Maribel Gaité	Mechanisms as Resource-Reasoning-Response Dynamics in CMOC Analysis: Insights From School Turnaround Realist Evaluation	49	Jo Hall	Causal Mechanisms and Explanation in Realist Review	220	<table border="1"> <tr> <td>Melanie Puntton</td> <td>Reality Bites: Making realist evaluation useful in the real world.</td> <td>115</td> </tr> <tr> <td>Tolib Mirzoev</td> <td>Tracing realist theories in the context of large-scale programmes in developing countries: Experience from Nigeria</td> <td>45</td> </tr> <tr> <td>Aria Graham</td> <td>Kaupapa Maori realist evaluation design to assess the effectiveness of an Indigenous maternal wellbeing pilot.</td> <td>69</td> </tr> </table>	Melanie Puntton	Reality Bites: Making realist evaluation useful in the real world.	115	Tolib Mirzoev	Tracing realist theories in the context of large-scale programmes in developing countries: Experience from Nigeria	45	Aria Graham	Kaupapa Maori realist evaluation design to assess the effectiveness of an Indigenous maternal wellbeing pilot.	69
Gary Groot	Refining program theory for special populations: trust and world view among Indigenous Peoples	111																																																
Nkoli Ezumah	Analysis of trust within a maternal and child health programme in Nigeria using Realist Evaluation	168																																																
Steven Ariss	How different models of health service delivery affect patient engagement in their own care	217																																																
Camille Donnat	Building organisational literacy and practice on Realist Evaluation in the Pacific Community (SPC)	89																																																
Hani Kim	Making visible the ideological underpinnings of global health programs: A case for realist-informed program evaluation	202																																																
Sharon Provost	Overcoming the "unknown": Strategies to gain stakeholder support for realist evaluation	42																																																
Dimitri Renmans	The Theory Building Society: Ready, Set, Go?A review of the use of CMOCs	163																																																
Richard Byng	Can neuroscience help explain demi-regularities and graded responses?	233																																																
Emma Williams	Can a machine think like Ray Pawson?: Potential and perils of machine assisted realist analysis	146																																																
Sarah Rybczynska-Bunt	Examining the Interplay of Mechanisms: utilizing Archer's (1995) morphogenetic cycle to analysing complex interventions	183																																																
Maribel Gaité	Mechanisms as Resource-Reasoning-Response Dynamics in CMOC Analysis: Insights From School Turnaround Realist Evaluation	49																																																
Jo Hall	Causal Mechanisms and Explanation in Realist Review	220																																																
Melanie Puntton	Reality Bites: Making realist evaluation useful in the real world.	115																																																
Tolib Mirzoev	Tracing realist theories in the context of large-scale programmes in developing countries: Experience from Nigeria	45																																																
Aria Graham	Kaupapa Maori realist evaluation design to assess the effectiveness of an Indigenous maternal wellbeing pilot.	69																																																
13:00 - 14:15	Lunch Break Poster Viewing																																																	
14:15 - 15:45	<p><b>Knowledge Café:</b>  <b>Theme 2: Innovations the Field</b></p>	<p><b>Theme 2: Innovations in the field</b></p> <p>Chair: Lisa Burrows</p>	<p><b>Theme 3: Utility of Evidence: systems thinking, policy and practice</b></p> <p>Chair: Kim Grey</p>	<p><b>Theme 5. Stakeholders: co-production in realist work.</b></p> <p>Chair: Richard Byng</p>	<p><b>Theme 1: Innovations in Methodology: Combining realist approaches with other methods.</b></p> <p>Chair: Jo Hall</p>																																													
90 mins	<table border="1"> <tr> <td>Ana Manzano</td> <td>The Realist Interview in Different Contexts. Tales from the Field.</td> <td>83</td> </tr> </table>	Ana Manzano	The Realist Interview in Different Contexts. Ana Manzano	The Realist Interview in Different Contexts. Tales from the Field.	83																																																
Milou Haggenburg-Mohammed	Individual Placement and Support in a large city context: what works for whom and why?	81																																																
Sean Redmond	Youth Crime: a fertile ground for realist contribution to policy, programmes and practice in Ireland	185																																																
Maartje Kletter	The impact of a co-designed 'Learning from Excellence' intervention for community health workers in Malawi.	41																																																
Dimitri Renmans	From CMOC to theory building: Combining realist evaluation science with qualitative comparative analysis	164																																																

				Sam Redgate	Using realist evaluation to inform the delivery of the Football Association's education provision	72	Goldameir Oneka	External actors influence in HiAP implementation: A realist explanatory multiple case study	221	Kaaren Mathias	Young people collect data - an realist evaluation in informal urban communities in North India	201	Kevin Harris	Bedfellows or foes? Exploring the compatibility of realist evaluation and Q methodology	18
				Inka Barnett	Using a realist approach as part of an evaluation of a mobile phone-based nutrition programme	94	Kara Danks	Towards a 'common purpose': tracking emerging system change in the South Tees Local Delivery Pilot	102	Sarah Griffiths	Engaging people living with dementia and field experts in programme theory development: a realist approach	144	Joanne Greenhalgh	How can RCT evidence contribute to realist reviews? Tales from the dark side	25
15:45-16:15	Tea & Coffee Break Poster Viewing														
16:15 - 17:45	Knowledge café: Theme 6: Solutions to Problems			Panel Theme 2: Innovations in the field			Theme 1 : Innovations in menthodology: Conceptualisations and getting your terms right			Theme 1: Innovations in Methodology: mixed methods			Theme 1: Innovations in Methodology: mixing methods		
				Chair: Bruno Marchal			Chair: Pat O'Campo			Chair: Brian Galvin			Chair: Judith Lovell		
90 min	Sonia Dalkin, Angela Bate	What should 'realist economic evaluation' look like? Early experiences from three realist projects in progress.	136	Clarissa Samson	Applying Realist Evaluation to assess Transformative Change of climate change interventions – what has worked, how, in what contexts and for whom?	128	Joanne Greenhalgh	The problem of "context" in realist evaluation and synthesis	60	Lauren Weston	Transforming generative into actual causality: Sustainable mechanisms of change for prison-leavers with mental health problems	142	Sarah L Brand	Policy-responsive rapid realist research: from scoping system-level mechanisms to testing underlying programme theory in practice	209
	Meghan Kumar	Theoretical and practical applications of combining realist and economic evaluation approaches	173	Bara Sladkova			Charlie Michaelis	Anna Rosselli	Conceptualising outcomes for theory development in realist methodology – illustrated with the example of well-being.	122	Joan Quigley	A realist informed evidence synthesis of the impact of regionalising healthcare systems	113		
							Bruno Marchal	Nadav Lavi	Elina Aaltio	Creating programme architecture and programme theory for a new child protection practice model	124	Lisa Garnham	Mapping pathways to wellbeing: reflections on combining Realist Methodology and the Capabilities Approach	101	Andrew Booth
17:45 - 19:00	Welcome Reception Venue: Dublin Castle Conference Centre - All delegates welcome														

Wednesday 25 March

	LA TOUCHE	MAIN HALL	CHESTERFIELD ROOM	PRESIDENT ROOM	THE BEDFORD SUITE
08:00 - 17:15	Registration				
08:30 - 10:00	<b>Knowledge Café: Theme 1: Innovations in Methodology</b>	<b>Theme 2: Innovations in the field: caring and carers</b>	<b>Theme 3: Utility of evidence</b>	<b>Theme 2: Panel: Innovations in the Field</b>	<b>Theme: 1: Innovations in Methodology</b>
		<b>Chair: Lisa Burrows</b>	<b>Chair: Sarah Brand</b>	<b>Chair: Hubertus J.M. Vrijhoef</b>	<b>Chair: Gary Groot</b>
90 min	Kim Grey Repurposing formal theories into new domains: sharing learnings from practice 51	Ed Janes Young carers and mental health: A realist diagnostic 222	Seán Paul Teeling Using RE to realise methodological coherence between Lean Six Sigma and person-centred approaches to improvement 15	Manbinder S Sidhu, Maider Urtaran Laresgoiti, Anam Ahmed Challenges of realist research of complex healthcare innovations in the UK, Basque Country, and Netherlands 117	Emma Wilkinson Realist exploratory action research – what is it and is it useful? 238
	Charlie Michaelis Did it really work? Using process tracing to supplement realist analysis of causation. 157	Debbie Kinsey Going to the museum together: The impact of carers in programmes for people with dementia 62	Aoife De Brun Realist evaluation of mechanisms and outcomes triggered by a collective leadership team intervention in healthcare 158	Una Cunningham Team interventions in acute hospital contexts- A case study to test an initial programme theory. 174	Freda Browne Considerations for the design of clinical observation in the testing of conjectured context, mechanism outcome configurations 66
		Olujoke Fakoya Realist evaluation of befriending services 99			Matthew Juden Using middle range realism to identify knowledge gaps in impact evaluation 230
10:00 - 10:30	Tea & Coffee Break Poster Viewing				
10:30 - 11:30	Keynote Geoff Wong - The current state of realist evaluation and realist synthesis.				
11:30-12:30	<b>Knowledge Café: Theme 1: Methodology</b>	<b>Theme 1: Innovations in Methodology.</b>	<b>Theme 1: Innovations in Methodology</b>	<b>Theme 1: Innovations in Methodology - leaning on theory in realist research and evaluation</b>	<b>Theme 1: Innovations in Methodology</b>
		<b>Chair: Ana Manzano</b>	<b>Chair: Jo Hall</b>	<b>Chair: Charlie Michaelis</b>	<b>Chair: Geoff Wong</b>
60 min	Henry Dorling Kevin Harris Five Burning Questions in Realist Evaluation 63	Gill Westhorp Valuing in realist evaluation: towards realist axiology 258	Robin Vincent Working with missing theory in a realist review of community engagement with global health research. 205	Giel Ton Realist synthesis and complexity: towards a better understanding of farmer's decision-making in contract farming 47	Emilie Bryne Is it a context, mechanism or outcome? Solving this question with an architectural understanding 190
			Karen Minyard Demonstrating the Value of Realist Methods to Funders – A Case Example 13	Lucy Johnston Realist Evaluation of Holistic Needs Assessment and Care Planning for Cancer Survivors 141	Sarah Rybczynska-Bunt Exhausting Causal Explanations: the application of Bhaskar's DRIE(C) to analyse a complex health intervention 184
12:30 - 13:00	Poster Exhibition				
13:00 - 14:00	Lunch				
14:00 - 15:00	Plenary Ray Pawson - Fact-checking reconsidered: A post-empiricist response to post-truth politics. Nick Tilley - So what . . .? From realist research to realistic policy and practice				
15:00 - 15:30	Tea & Coffee Break				
15:30 - 17:00	<b>Knowledge Café: Theme 1: Innovations in methodology</b>	<b>Theme 2: Innovations in the Field:</b>	<b>Theme 1: Innovations in Methodology</b>	<b>Theme 5: Working with stakeholders</b>	<b>Theme 4: Causation</b>
		<b>Chair: Rebecca Hardwick</b>	<b>Chair: Sonia Dalkin</b>	<b>Chair: Rob Anderson</b>	<b>Chair: Patricia O'Campo</b>
90 min	Eilish McAuliffe Una Cunningham Aoife De Brun The challenges of theory-driven interviewing with programme beneficiaries and users. 150	Debbie Ryan Developing initial programme theories and phases in realist interviews. A New Zealand context. 176	Ferdinand C Mukumbang Applying the photovoice methodology for realist theorising: A reflection on its potential contribution in realist research 92	Steven Ariss Programme theory development and stakeholder engagement using social media 188	Steven Henderson Organisational Mechanisms? A heuristic and some doubts. The case of corporate social responsibility 130

	Brynne Gilmore			Judith Lovell	Processes for Indigenous Australian language speakers to provide patient experience information (EQualS)	36	Katharine Shearn	Using models in realist research	53	Sarah Barry	Evaluating Community Healthcare Networks Primary Care Development in Ireland focussing on Stakeholder Engagement	247	Ana Manzano	The use and merit of focus group methods in realist evaluation and synthesis	161
	Conor Wood	Conducting realist interviews using stimulated recall to better our understanding of appraisal of doctors	232	Ruth Harris	Intentional rounding in hospital wards to improve regular interaction and engagement between nurses and patients.	224	Dave Bergeron, Jérôme Pelletier	Use of Matrix Queries in NVivo to Guide the Development of C-M-O Configurations in Realist Evaluations	194	Éidín Ní Shé	How can we enable seldom heard voices in public and patient involvement? A rapid realist review of the literature	186	Gail Mann	Exploring the causal role of relationships in social interventions	200
19:00 - 22:00	<b>Conference Dinner</b> <b>Venue: Fallon &amp; Byrne, Exchequer Street, Dublin 2 - Registration required</b>														

**Thursday 26 March**

	LA TOUCHE	MAIN HALL	CHESTERFIELD ROOM	PRESIDENT ROOM	THE BEDFORD SUITE																																																									
08:00 - 17:30	Registration																																																													
09:00 - 10:00	Plenary Gill Westhorp - How do you know? Realist and constructivist epistemologies in realist practice.																																																													
10:00-10:30	Posters Tea & Coffee Break & awards																																																													
10:30-12:00	<b>Knowledge Café</b> Theme 4 : Understanding Causation	<b>Pecha Kucha</b>	<b>Theme: 2 Innovations in the field</b>	<b>Theme 1: Innovations in Methodology: developments in realist interviewing</b>	<b>Theme 5: The role of stakeholders</b>																																																									
		<b>Chair: Rebecca Hardwick</b>	<b>Chair: Richard Byng</b>	<b>Chair: Patricia O'Campo</b>	<b>Chair: Emma Williams</b>																																																									
90 min	<table border="1"> <tr> <td>Esther De Weger</td> <td>What's a realist configuration?
